Boy Scouts To Receive Honor

Week Is Set Apart For Scouting Throughout the Nation; Services Sunday

The thirty-sixth anniversary of the founding of the Boy Scouts of America will be observed by a week of special events in Canyon. On Sunday afternoon, February 10, at 2:30 in the Presbyterian Church the cub scouts and boy scouts, scoutmasters, troop committees, and the district committee, and the parents and friends will meet for a community program. The pastors of the churches are sponsoring this meeting. Rev. Hubert Thomson, pastor of the Methodist Church, will speak to the boys and their friends. The choir of the Presbyterian Church under the direction of Miss Maude Cuenod will lead the singing.

At the monthly meeting of the Cub Pack on January 31, Scout Executive W. J. Hiatt told the boys and their parents about cub scouts, boy scouts and senior scouts. The bob-cat badge was awarded to Joe Dickerson and the lion cub badge to Ted Nicklaus.

The Parent-Teachers Association of Canyon sponsors the cub pack, with Dr. J. E. Cundiff, committee chairman, W. E. Miller, cubmaster.

C. R. Burrow is chairman of the Randall County District. Dr. J. A. Hill is National Committeeman, representing the Llano Estacado Council.

Chas. Duval will have a Scout program at the Rotary Club next Tuesday and W. E. Miller at the Lions Club Thursday.

Bufs Lost to Tech Tuesday at Lubbock 40-48

The Buffalo basketball team lost to Texas Tech at Lubbock Tuesday night by a score of 48 to 40.

Buffalo rooters who accompanied the team state that the Bufs were a little off form for the night. Tech was hot, and the game rough. The Bufs have defeated Tech in two games this season and lost in the last game. The two teams will play in Canyon again on Feb. 29.

Hardin-Simmons University will meet the Bufs at Burton Gym Friday and Saturday nights. The Bufs will go to Abilene to play the Cowboys on Feb. 15-16. Hardin-Simmons have not played either the Bufs or Tech this season.

Funeral Held For Mrs. L. L. Monroe on Monday

Mrs. Emma L. Monroe, 72 years old, a citizen of Canyon for half a century died at 4:45 o'clock Saturday morning in an Amarillo hospital, following a long illness.

Funeral services were held at 3:00 o'clock Monday afternoon at the Presbyterian church with the pastor, Rev. Robert W. Jones conducting the services.

She is survived by a sister, Mrs. Nellie C. Edwards, Canyon, and two brothers, C. C. and S. T. Whitman, both of Happy.

Pall bearers were: Joe Carver, S. O'Donald, Levi Cole, D. M. Foster, Odell Miller and Chas. Harter. Burial was made in Dreamland Cemetery beside her husband, who died several years ago.

Mother of Mrs. Lowry Buried at Mobeetie

Mrs. Maggie Seay, mother of Mrs. R. D. Lowry, died in a hospital in Wichita Falls last week and was buried at Mobeetie, Monday afternoon.

Mrs. Seay who was past 80 years of age had been in poor health for some time. Mr. and Mrs. Lowry attended the funeral.

RED CROSS TO MEET

There will be a meeting of the members of the Red Cross in the City Hall at 7:30 o'clock this evening to elect officers for the year.

Mrs. Carl B. Huffaker and three children left Saturday for Berkeley, California to join her husband who is on the staff of the University of California. They had been visiting for the past three weeks with her sister, Mrs. Robert W. Jones. The Huffakers returned to the states in December after having spent two years in South America.

Rev. Robert W. Jones flew to Ft. Worth Monday night to attend the planning conference for the Synod of Texas which convened at Ft. Worth Tuesday morning.

C. P. Robertson was brought home from east Texas in an ambulance. Mr. and Mrs. Robertson went there several weeks ago hoping that the change would benefit his health.

Funeral of Mrs. T. C. Word Was Held on Friday

Mrs. C. T. Word was buried at Dreamland Cemetery Friday afternoon by the side of her late husband, Judge C. T. Word, who died in 1938.

Mrs. Word died at her home in Amarillo Thursday at noon. The funeral was held at the First Presbyterian Church in Amarillo Friday afternoon, conducted by the pastor, Dr. Francis W. Prichard, assisted by the pastor emeritus, Dr. R. Thomson.

Survivors are four sons, C. H. and W. D. Word, both of Amarillo, W. G. and M. R. Word, of Clarendon and two daughters, Miss Lola Word and Mrs. Curtis Wescoat, both of Amarillo.

Mrs. Word was 83 years old. Coming to the Panhandle in September, 1890, Mrs. Word had seen and been a part of the history of this section and of its development.

Judge and Mrs. Word lived in Swisher County in the 90's, and in Canyon from 1901 to 1918. Since 1918 they had made their home in Amarillo.

Mrs. Word was the former Laura Josephine Gregory, daughter of Rev. and Mrs. W. J. Gregory, and was born in Cooke County, Sept. 13, 1862.

On Dec. 30, 1885, Miss Gregory and C. T. Word were married at Chico. Mr. Word was 23 years old at the time and manager of a ranch near Brady.

Two years after their marriage the couple went to a ranch near Taylor, of which Mr. Word was manager.

Mr. Word came to Swisher County in July, 1890, buying one section and filing on another. Mrs. Word and their two children arrived there in September, coming from their former home in McCulloch County, Central Texas, on the Fort Worth & Denver to Amarillo, then by buggy to their new home.

Less than a year after they had settled in Swisher County, Mr. Word was named county judge to fill out an unexpired term. From then on he was known as Judge Word.

He acquired some pure-bred Herefords. His calves frequently topped the market and won premiums in shows.

During the 90's Judge Word added a Castro county ranch to his possessions. In 1901 he sold the home ranch to buy the Frying Pan, 25,000 acres west of Amarillo in Potter and Oldham counties.

From 1901 to 1918, the Word family lived in Canyon. In 1918, they moved to Amarillo.

The Word Ranch, site of the Amarillo City Lake and the wells that in 1935 provided a good part of Amarillo's water supply, were among Judge Word's holdings for many years.

At the end of World War I, Judge Word owned ranches totaling 100,000 acres.

His firm belief in the Plains and in the cattle business led him to endeavor to keep these holdings intact in the face of the worst conditions that ever existed in the industry, conditions that were a combination of drought, blizzard, and the post war economic situation.

Business Training Was Discussed at Rotary Luncheon

Dr. Lee Johnson was in charge of the Rotary Club program Tuesday discussing "Training for Business Leadership."

During the war college work was streamlined to turn out students in a few months. As a result inefficient help was found in all lines of business, persons who had not been trained for their jobs. The peak has now passed, and students are coming back to college to secure the training which they have missed.

Corporations are not owned by a few rich persons, pointed out the speaker. There are thousands of small investors who have their life's earnings in these corporations. The job for the management is to produce goods and services which the people will buy, with a fair return on the investment. Wages must be high enough to induce good workers, and labor must make business profitable and lasting.

The great need of the future will be trained salesmanship. This will be accomplished only through a well rounded education of all sales persons.

President Stuart Condon announced the new committee on Scouting as follows: Levi Cole, Charles Graham, Robert Jones, Jack Haley, Tom Knighton, Harris M. Cook.

J. W. Shook was given a vote of thanks for his work in the clothing drive.

An invitation was extended to the people of Canyon to attend the series of lectures being brought on international relations.

Visitors were: J. H. Brittain of Kilgore; LeRoy Reeves of Childress; Stoney Wall of Lubbock; H. A. DeLashmutt, Jr., H. G. Prichard, J. E. Bowman, E. Jobe, E. Kancher, Forrest Barnes, R. E. Wertz, all of Amarillo.

Club to Sponsor Lecture Series

Rotarians Will Present Four Speakers Here; First Talk February 18

An Institute of International Understanding will be offered this community by the Canyon Rotary Club as a public service, in cooperation with West Texas State.

In announcing the Institute, Dr. S. H. Condon, Rotary president, said four outstanding international authorities would be presented in free lectures to high school students, college students, and citizens. Afternoon lectures will be given for high school students at 2:30 o'clock and evening lectures at 8 o'clock—the latter in the college auditorium, the former alternating in the two local high schools.

Dates and speakers will be as follows:

February 18—Morris H. Coers of Indianapolis, former field director of the American Red Cross, traveler, and lecturer, talking on "Making International Organization Effective."

February 25—Geoffrey F. Morgan of Santa Monica, Calif. talking on "The Constructive Use of Air Transport."

March 4—Chester M. Tobin of Chicago, whose address will be on "Maintaining World Trade and a High Standard of Living."

The Institute, arranged through Rotary International, is part of the service club's effort to promote a timely broadening of understanding in foreign affairs.

Battle On Against Chickens Running at Large in City

Again the great battle is on! Chickens vs. gardens and flowers.

Every year about this time there begins to be calls to arms to get neighbors who wish to raise chickens in town to realize that others wish to raise gardens and flowers.

Why do we not observe the good neighbor rule in Canyon?

We have a City Ordinance that says that chickens shall be penned. Why then don't we keep chickens penned?

Is one person's hobby or desire to add to the livelihood of his family more important than another's?

This may seem a small matter, but there is nothing more exasperating than to find that a garden or a bed of flowers has been totally or partially destroyed by a wandering chicken or two or three.

Help to keep the good will of your neighbor and to make Canyon a more beautiful city by keeping the chickens in the pens.

Fire at Truax Home Tuesday p. m. Much Damage

At approximately 11:00 o'clock Tuesday night the home of Mr. and Mrs. Glenn Truax at 507 27th Street was considerably damaged by fire that originated in a broom closet.

At this time the full damage has not been estimated. Smoke ruined the freshly finished walls and wood work of the house. Cabinets, cooking utensils and the vacuum cleaner are ruined or badly damaged. Rafters in the ceiling are burned.

The damage is covered by insurance.

Directors of Girl Scouts to Meet Saturday

Miss Ida Mae McClure, district supervisor of Girl Scouts, will meet Saturday with leaders of troops of scouts in Canyon and with the committee women to complete reorganization of Girl Scouts in Canyon. The meeting is called at 2:30 o'clock in the basement of the Methodist church.

All women who are interested in this work are urged to be present.

Help Keep Canyon Clean!

Discharged

Pvt. J. C. Bellah was discharged January 29 after having served 18 months in the infantry.

Kenneth Eugene Davis, S 2-c was discharged January 26. He served 13 months in the Pacific Theater, being on the U. S. S. Breton.

Lt. Charles F. Marshall was relieved from active duty at Ft. Douglas, Utah, January 6, after having been in the Air Corps Service for 43 months. While in training he attended George Peabody Institute at Nashville, Tenn. He received his commission at Hondo Air Field, August, 1945. He will be associated with his father, Fred Marshall in the ranching business.

T-5 Verlen Coberly spent more than 3 years in the Army before being discharged January 28 at Ft. Bliss. He spent 2 years in the Asiatic-Pacific Theater.

T-5 Roy Glenn Campbell was discharged January 29 at Ft. Bliss. He had spent 19 months of his total of 32 months in the Pacific.

Sgt. Dannie Mack Gillham was discharged from the Air Corps February 1 after having been in service 27 months. He spent practically 22 months in the European Theater.

Val Jaller McClanahan, S. S. M. 1-c was discharged January 25 after having served in the Navy for more than 3 1/2 years. His sea duty was with the Pacific fleet.

T-5 Jose Martinez was discharged January 29 at Ft. Bliss. He had been in the Pacific Theater 6 months of his 3 years and 9 months in the Army.

Oscar Phillips Is Injured As Sewer Line Caves

Oscar Phillips of Lubbock, son-in-law of Mr. and Mrs. J. M. Breitling, has been in the West Texas Hospital since last Tuesday in a very serious condition.

As foreman for R. H. Fulton & Company, laying a sewer line in Lubbock, he went down in the 18 foot ditch to inspect a right angle turn the ditch had made. A ton of dirt caved in on him covering him to the waist. A boulder struck him in the abdomen causing critical injuries to the intestinal system.

Mr. Phillips will be in the hospital for some time.

Mr. and Mrs. Phillips have a baby boy, born on January 24, and 2 older children.

Mrs. Phillips has been with her daughter since Mr. Phillips' accident.

Library Report Shows Increase Use of Books

Tuesday morning at 9:30 the Library Board met in the first regular session for 1946.

Seven of the nine members heard the annual and monthly reports, and the report from the audit of the funds which had been made by Levi Cole, who donated his time to this audit.

The annual report revealed that there had been 32 more cars issued this year than last; total circulation had increased 905; number of books purchased had increased 105.

Number of books worn out or lost had decreased every year since 1942 when 93 was the total in that section to 5 reported lost or worn out the past year.

Mrs. Burton was re-elected as librarian for a two year term. Members of the board elected to office were: president, Mrs. T. B. McCarter; treasurer, Mrs. W. W. Nicklaus; secretary, Mrs. Burney Slack; reporter, Mrs. E. R. Cleavinger.

Books that were added to the library shelves last month are: children's: "The Big Fire," "Our Country Story," "Theatre Shoes," "Story of American Aviation," fiction and non-fiction: "River Road," "My Wayward Parent," "The King's General," "The Gauntlet," "Gold in the Streets," "G. I. Nightingale," "Party Line," "Brave Nurse," "The Best From Yank," "Siversides," "The Friendly Persuasion," "Three O'clock Dinner," "Country Mouse," "None Shall Know," and "Free River."

The Lions and Rotary Clubs have donated more than 100 booklets on scouting for the Boy Scout Library. The booklets are available to scouts on regular checking regulations so that they may use them in studying for ranks in scout work.

Mrs. Houston Bright left yesterday morning for Fort Worth where she will meet her husband. Lt. Bright received his discharge at Tyler. They will visit with Mr. and Mrs. Porter Pierce in Fort Worth before returning to Canyon.

Pfc. Max Bosley, who has recently returned from 11 months' service in the European Theater, is spending a 45 day furlough in the home of his father, S. M. Bosley. He will report for further duty at Ft. Bragg, N. C.

Poll Taxes To Set a Record

Approximately 3300 Will Get a Chance to Vote in the Election of 1946

A total of 2296 poll tax receipts were issued, according to a report of Tax Collector M. E. Cantrell Wednesday. Exemptions numbered 81, or a grand total of 2377.

This does not include those who are over 60 years of age and are exempted from the payment of the poll tax. Also this does not include the returning veterans who get a free vote this year.

There is a possibility that about 3300 votes may be cast in the primary elections this year, if all of the eligible voters go to the polls.

Dr. T. M. Moore Takes Vocation Veteran Position

Dr. T. M. Moore has accepted a position with the Vocational Education division of the Veterans Administration and will report to St. Louis where he will be assigned for service.

Dr. and Mrs. Moore left Thursday morning for St. Louis to find a place to live. After he has been assigned to his position, Mrs. Moore will return to Canyon to dispose of their property. Their son, T. M. Moore, Jr., is in the armed services.

Dr. Moore has been a member of the College faculty since 1923. He was on a two years leave of absence and received his Ph. D. degree from Iowa State College at Ames in 1944. His work has been in the Vocational Agriculture Department of West Texas State. He received an offer from the Veterans Administration several weeks ago, but hesitated to accept the new position. He has been a very popular instructor in the college.

President J. A. Hill states that he has not filled the position.

College Bus Is Wrecked, With One Boy Hurt

The Buffalo bus was hit Tuesday night by a drunken driver south of Happy and was turned over. The bus was bringing the basketball squad home from Lubbock.

Only one man was seriously injured in the smashup. Jack Tomblin of Amarillo suffered a slight concussion.

It was reported Wednesday morning that all of the basketball players escaped without injury.

The bus was badly damaged by the accident.

Dr. Harris M. Cook Is Reported to Be Slightly Improved

Word from the Amarillo hospital indicates that Dr. Harris M. Cook is slightly improved.

Dr. Cook suffered a brain hemorrhage last week which paralyzed his right side. He has been unable to talk since his illness.

Mrs. Mary Burtz had as her dinner guests Sunday Mr. and Mrs. Charlie Burtz, who are leaving for Nebraska. Mr. and Mrs. Earl Davis and family, Mr. and Mrs. Claude Fewell and family of Idalou, Mr. and Mrs. W. H. Bailey and family of Amarillo, Mrs. John A. Schubert of Dalhart, Mr. and Mrs. Earl Burtz and Clifford and Mr. and Mrs. Buren Fuell and family.

'Well, Where've You Been All My Life?'

Neblett Hospital Will Open Next Monday; Closed During the War

Dr. R. A. Neblett Served in Pacific in the Medical Corps of the Army

The Neblett Hospital will open next Monday.

The hospital has been closed since October 1st, 1942 when Dr. R. A. Neblett joined the Medical Corps of the Army. After serving in the States for several months he was shipped to the Pacific where he served for 28 months, attaining the rank of Major. He returned to Canyon in November and resumed his practice.

Due to the scarcity of nurses, Dr. Neblett was unable to open the Hospital at an earlier date. Nurses arrived Monday, and the hospital is being put in readiness to receive patients next week.

Opening of the hospital is a distinct credit to the energy of Dr. Neblett in trying to provide the best medical attention for the people of the community. Small hospitals throughout the nation have been hard pressed during the war because of the shortage of doctors and nurses. At least two hospitals in the Panhandle located in towns about the size of Canyon have been forced to close in recent months. Dr. Neblett receives all of the handicaps which go with the operation of a hospital under prevailing conditions, but believes that the people of Randall county are entitled to this convenience so long as he is able to keep the hospital in operation.

\$585 Collected During the March of Dimes Drive

The March of Dimes contributions from Randall County totaled \$585.63 on February 5.

The county chairman, Joseph Findley, thanks all schools, clubs, Sunday School classes and individuals who have helped our county fight infantile paralysis.

Half of the above money remains in Randall county to meet local emergencies in case we were to have an infantile paralysis epidemic. The other fifty per cent is sent to the national headquarters of the March of Dimes drive.

Calves Still on Winning Score Side

Last week end the West Texas Calves continued their winning list by defeating Bovina 42-9 to win the Dimmitt tournament. During that series of games they won over Hart with a score of 50 to 28 and over Tulla with a score of 42 to 29.

Tuesday night the Calves won over the Claude team by a score of 39 to 29.

This week end they play a series of three games. On Friday at 2:30 they meet the Hereford Whitefaces; on Saturday at 9:00 o'clock the Gruver Greyhounds; and on Tuesday of next week the Claude Mustangs at 7:00 and 8:00 o'clock.

The Gruver game Saturday night points to being the best game in which local fans have an opportunity of seeing the Calves. The Greyhounds have won over Amarillo and have won the Canadian Tournament, possibly the most difficult tourney in North and West Texas. This game will follow the Hardin-Simmons-Buffalo game which will be played at 8:00 o'clock.

Tickets may be bought for both games or for the separate games as one wishes.

Mr. and Mrs. Ernest Duckworth and daughter, Sharon, of Lubbock spent the week end in the home of Mr. Duckworth's sister, Mrs. Dan K. Usery.

Mr. and Mrs. Foster Ambern of Floydada spent Sunday with their daughter, Mrs. B. C. Taylor, Jr., and family.

Will Open Hospital On Next Monday

MAJOR R. A. NEBLETT has announced the opening of the Neblett Hospital for next Monday.

Dairymen Call Off Milk Strike

OPA Refuses to Grant an Increase, But Producers Still Are Hopeful Increase

In spite of the fact that OPA in Washington turned down their request at the last minute, dairymen decided Friday not to call their strike. They had threatened to stop delivery of milk to Amarillo until OPA granted their demands to take care of the increased price of feed.

The state office of OPA granted a partial increase, and recommended to Washington that the increase asked by the producers be granted. Washington finally rejected the request. Those in charge of the campaign for a livable price on milk are still carrying their fight to Washington and hope that OPA may still reconsider the stand taken Thursday.

Clothing Drive Brings in 7,000 Pounds Clothing

The Victory Clothing Collection ended Thursday night, according to County Chairman J. W. Shook. All packages were sealed, tied and labeled and shipped Feb. 2.

There were 157 boxes and cartons, with a gross weight of 7,735 pounds.

Mr. Shook states that there were 1,000 pair of shoes in the shipment. "Personally I wish to thank every individual who had any part in this delivery, processing and shipping of these materials," stated Mr. Shook. "Without your help and co-operation none of this could have been accomplished. Thanks to everyone," concluded the report of Mr. Shook.

Former Citizen of Randall Co. Died at Kansas Home

George Sanborn Frary, father of Mrs. L. J. Fulton, died at the age of 81 at the home of a daughter, Mrs. Ray Hatfield, in Kinsley, Kansas, on January 31 following a period of semi-invalidism.

Mr. Frary lived on his farm in Randall county in the Jewell community for 6 years before moving to Colorado in 1913.

Funeral and burial services were held at Kinsley, Kansas February 2.

His youngest son, Harry Walter Frary, who was born in Texas, died at his home at McMinnville, Oregon on Oct. 5, 1945, at the age of 33 years.

Surviving are five daughters, one-step-daughter, two sons and one step-son. Several grand children and great grand children also survive.

Children attending the funeral services were Mrs. Hatfield and Mrs. Will Crosby of Kinsley, Kansas; Mrs. Arthur Wright of Ingalls, Kansas; Arthur Wright of Ingalls, Kansas; Mrs. L. J. Fulton of Wildorado, Texas; Mrs. Alberta Grander of Chicago, Ill.; M. O. Frary of Pratt, Kansas; and Fred S. Frary of Graybull, Wyo.

A daughter, Mrs. Dan Russell of McMinnville, Ore., and a son, H. F. Frary of Arlington, Calif. were not able to attend the last rites.

Glenn Truax Will Attend Band Meet

Glenn Truax left Wednesday morning with band directors from six neighboring towns to attend the State High School Music Teachers meeting in Waco this week end.

Mr. Truax and members of his party form the bass string section of a state wide orchestra.

Mr. and Mrs. A. C. Thompson of Hereford visited Sunday with his sister, Mrs. B. C. Taylor.

Editorials

THE GOVERNOR'S RACE

It is altogether too early in 1946 to make even the wildest prediction as to what shall happen in Texas in the July primary.

However, straws in the wind indicate that there will be a hot race for Governor, and the candidates may become numerous.

Up to the present time there are three avowed candidates who may get some place in the race.

Friends of Jerry Sadler have entered his name and paid the entrance fee. He has received his discharge from the army. As you recall Sadler resigned his post with the Railroad Commission to enter the armed forces. He was decorated for services, not only by the American Army, but likewise by Stalin. As everyone knows, Sadler is a hard campaigner. It is reported that he already has his string band assembled, and will put on a campaign similar to the one which carried W. Lee O'Daniel to success. However, Sadler used the same tactics when he was elected to the Railroad Commission. It costs something like \$50,000 to make a state-wide campaign. There is no doubt about Sadler having all of the money he needs at his disposal.

The second avowed candidate is Dr. Homer P. Rainey, deposed president of the University of Texas. He has been on the radio five times per week as a commentator for a saw mill company. He has almost announced his candidacy two or three times, but each time he left the bait dangling, just waiting for more encouragement. He has been attending all political meetings, and has stated that he was greatly interested in the campaign. He has the open support of CIO and the Young Democrats. Whether he will have the backing of the substantial Texas Exes, or just the radical element is not yet disclosed. At any rate, Rainey will be a leading contender, regardless of what we may think of him. He has a very vocal group of followers, and will be able to have at his disposal a sufficient amount of money to make the race.

A newcomer in the political picture is Casa March of Waco, who is unknown, but seems to have gotten off to a fair start. He is a former Baylor student; veteran of World War II; at present on a government job in Washington; adopts a liberal platform which he credits to the campaigns of Tom Hunter, Pat Neff, Morris Sheppard and Franklin D. Roosevelt.

Friends of Governor Coke Stevenson are quietly canvassing the state with the view of lining up sufficient strength to tempt him to make the race for a third term. The Governor stated that he did not wish to run, but has never said he would not make the race, if proper inducements were extended to him.

It would be folly to line up for any candidate this early in the campaign. But The News makes the prediction that should a sound fair-minded candidate enter the race he would be welcomed by thousands of voters who wish a conservative administration, free from the political bickerings which either Sadler or Rainey would bring to the capitol. March may be such a man; we shall have to wait developments. Perhaps some other sound candidate will appear.

It is taken for granted that both Lt. Governor John Lee Smith and Attorney General Grover Sellers will be in the race. And likewise, The News takes it for granted that we shall not be enthusiastic for either of them.

On with the battle! There will be a big time in Texas this political year of 1946.

We see where the American Legion wants to fire General Bradley as head of the Veterans Administration. Naturally the people want to know why. He has been on the job only six months. The problems hurled at his head have been terrific. Can any man satisfy the veterans of World War I, and at the same time keep peace in the ranks of veterans of World War II? Also, you will recall that The News has pointed out in the past that simply because a man was a great general is no indication that he would be a great political or economic leader. At present, we are inclined to believe that Bradley should be given a chance rather than having brickbats thrown at his head before he becomes acquainted with this delicate job.

Pastors in Canyon and other towns of this size are worried about the decline in church attendance, especially for the evening service. It looks as if every type of entertainment is challenging these services, and seeking to take away from the congregations. According to the last federal census only one-half of the American people are church members, while fully a third of these never go to church. A citizen of the big city of San Francisco stated this week that church services at night in that city were actually more largely attended than were the morning services. Why? The biggest and best choir that the churches can organize sings at night; the services are more attractive in every way. Another pastor experimented with the idea of putting on religious motion pictures at night, and increased his attendance 300%. As a result there are several film firms now producing motion pictures based on biblical stories. The leading roles are taken by men and women of unquestionable religious lives. These are straws in the wind which may indicate that the people are becoming more interested in religion than is generally thought. Wars often bankrupt the morals of men. It would be wonderful if something good could possibly come out of World War II.

The difficulty of setting wages on the ability to pay depends upon the time that is selected. It looks as if President Truman has fallen for this fallacy. Industrialists are in a position to pay higher wages right now, following profitable war contracts and the certainty that business will be good until the domestic market is flooded. But when the next depression hits, what will happen to wages; and what will happen to ability to pay when millions of dollars must be spent for remodeling and new models, which expense had been born by the government during the war? Fact-finding commissions which set about to set wages on ability to pay in 1946 may bankrupt the industries which made America great in the past, by refusing to take into consideration the fickle tendencies of buying Americans, and the necessity for new models, and new machinery in the future. Also, what about the interest that the American people have in these industries? The people, the innocent by-standers who pay the bill, have a very great interest in the wages paid; the products made; and the future of all industries.

As we predicted last week, the politically minded State Senators who were trying to put the monkey on the Governor's back now have this pest right in the middle of their own backs. The Attorney General ruled that the rump session was illegal, and that Harry Crozier was not removed from office in this rump session. Senator Moore of Houston, daddy of the special session idea, hoped that the Governor would have to go to the Supreme Court to defend his appointment of Crozier. Now it is up to the Senator to go into court and prove that he did have the authority to sponsor the session, and to prove that the session was legal. Should he refuse to do so will be an acknowledgment that the session was illegal and that the proposed September session should not be held. So far we hear of no move to take the case to the Supreme Court.

A racket has developed in Canyon. Boys are stealing milk bottles which are put out by dairy customers and taking them to the stores where they are sold. Merchants cannot stop to question everyone who brings in bottles. Officers are trying to clean up this wave of petty crimes by calling in suspects together with their parents. Should any citizen see any boy stealing milk bottles, or any other thing, it is his duty to report the theft to the officers. Officers cannot be all over town at the same time. To allow this petty thievery to continue simply means that we are encouraging boys to become criminals in larger cases.

We have always been interested in Harry Hopkins, largely due to the fact that the Newsman was born only 71 miles from the Hopkins' homestead. Knowing his background, we were amazed at his rapid rise in spite of his physical handicap. He was uncanny in his political appraisal of world events. As Woodrow Wilson had his Colonel House, Franklin D. Roosevelt found his Harry Hopkins. Both of the latter men were physically handicapped, which may have first led to their mutual admiration. However neither could have gone

a long way toward national and international power and understanding without unusual ability and aptitude for the job at hand. The ability of Hopkins to help the Boss through tough situations, and to smooth out critical misunderstandings marks him as a great man, a behind-the-scenes worker.

President Truman calls upon Congress to approve the loan to Britain in order that we shall be assured future markets for our goods. Let's see: We failed to collect on World War I loans; we shipped billions of lend-lease goods to England during World War II, and a lot of the stuff was re-sold by them to British possessions; we gave British ships free passage through the Panama Canal, but had to pay for passage of our ships through the Suez Canal; we hauled British soldiers on our ships for \$80, and were charged \$100 for our men who were carried on British ships, in spite of the fact that the British navy operates at much less cost. While demanding this loan from us, London is making huge loans to European nations, which it wishes to befriend. It looks like a very bad debt that we are about to make. If you had made a loan 25 years ago which was in default, and the borrower had been sticking you up on every opportunity, would you be willing to make him another loan? You cannot buy a bath tub in America, but under lend-lease we shipped extensive bath room fixtures to London, which were delivered to a prince in India for his new estate. Maybe the President is right to demand the loan. But Congressmen have their knives sharpened.

When the measure comes up it will be bitterly opposed. As a matter of record we might as well kiss these proposed loans and all past due loans goodbye.

Senator Taft is sounding the battle cry for the Republicans in the Congressional campaign this fall. It will be government spending. In spite of the fact that the war is over, the administration is holding more than three million employees on the payroll. No move has been made to reduce this great army. Taft states that the President has made no move to reduce government spending, which leads to inflation. His deductions are that we are headed into inflation in a big way unless the government stops wasting money. You will hear more about this as the campaign progresses.

The Gallup Poll indicates that the President's popularity has declined since he took over his big job. This is natural. The war has ended; we are having difficulties in writing a permanent peace, as the people have been led to believe would come; the nation is strangled by strikes; money is burning holes in the people's pockets, and they cannot buy what they want. The people lay the blame on the President. It would be a fine thing if all of us would keep our heads and not become excited because of these perplexing problems.

John L. Lewis has taken his miners back into the AFPL fold. It was Lewis who broke away and organized CIO; it was Lewis who gambled his job as head of CIO in an attempt to defeat Roosevelt for a third term. Without question Lewis is the strongest labor leader in the nation, and will not play second fiddle to any of them. It will not be a surprise to see him at the head of AFPL before many months.

"IT'S a fool's errand," I growled as I went up the front walk. "Why in tarnation should we try to get the agency for a few homemade stuffed dogs?"

I rang several times before anyone appeared. "Judson, of Rhodes-Abler Wholesalers," I introduced myself. "May I speak to Mrs. Martin?"

"I'm Mrs. Martin," came the soft refined English tones. "So you like my Liza-Lees?" she asked eagerly when I had stated my purpose. "Tell me, will they sell all over?"

"Of course," I replied as I half-admired the rolypoly tan cloth dog in her hand. Its ears hung comically long, the wide mouth with its red tongue smiled up at me. A pert red bow tried to make a sissy out of it. No wonder the buyer of a large department store was wiring Pappy Rhodes for them.

"Why bother to sell them all over?" I asked. "We have one customer who wants your entire output."

"But I won't sell that way, Mr. Judson," she said with queer determination. "You see, I don't really need your help. I can make a few dozen and market them myself."

"You'll be wasting production time," I argued. "You make 'em—we'll sell 'em."

"Only on my own terms," she persisted. "A dozen to one store in each town." Her calm statement amazed me. Who ever heard of doing business that way? Why, one store was demanding all that she could make! "I'm sorry," she told me finally, "but there's so much to do. Good-by."

Pappy Rhodes had said to get that contract, and he was even more determined than little Mrs. Martin. "All right, you win," I said.

It was a little library workroom into which she led me. Parts of Liza-Lees littered the table. Some already finished grinned up at me. In their midst was a lovely picture of a child about two in an old silver frame.

"My daughter, the first Liza-Lee," Mrs. Martin said, motioning me to a chair.

I departed with two dozen tan dogs for company. Pappy Rhodes hailed me triumphantly, even with the screwy contract. But in less than a week I was back. Shops all over wanted dozens of Liza-Lees. Couldn't we have more?

My visits to Mrs. Martin weren't over by any means. "Mrs. Martin," I pleaded, "our customers want rose and blue and green dogs to match their bedspreads. Mothers are asking for them in pastels for nurseries. Let's have them and use up that old brown stuff later on."

I smiled at Liza-Lee's picture. Mrs. Martin's eyes followed mine and her smile vanished. Our contract says, "exactly like the model," she told me. "That was tan."

I found myself headed back the very next day with definite orders to amend that blooming contract. Mrs. Martin wasn't home. The photograph was missing, too. All that her helpers knew was that there had been a letter. Mrs. Martin had run out with the picture and a finished dog.

Day after day I haunted the house. At last the telegram came. "Coming home tonight. Have cab at 8:30 train."

The cab with me in it was there. I squared my shoulders and strode forward. "Mrs. Martin—" I started hurriedly.

"I want you to meet my daughter, Liza-Lee Martin," she said.

She was the little girl of the photograph grown up—a lovely blonde. Her brown eyes smiled happily. And clutched against her woods-green suit was a tan Liza-Lee dog.

Some moments later I thought of my errand. "Mr. Rhodes is furious," I began uncertainly. "He says we've got to have dogs to match bedspreads and nursery color schemes."

Liza-Lee Martin smiled. "Why not? They would be lovely. We'll start production as soon as you can get the cloth to us."

"Poor boy," laughed Mrs. Martin. "You're still out in the cold. Liza-Lee, do tell him."

"Mother was trying to locate me," Liza-Lee explained. "An old nurse kidnapped me soon after Father died and left no trace. Just last year mother discovered the pattern for these dogs among some old papers and remembered that I had taken a tan one with me. That was why she insisted on only one dozen to a town. She wanted to spread them as far as possible, hoping I would see one, recognize it and get her address from the store. I don't suppose you know there is an address slip in each box."

"It wasn't one of your big shops that found me, either," chided Liza-Lee. "It was a little store over in the western part of the state which wouldn't have had any dogs if you'd had your way."

Mrs. Martin hastened to add, "We'll make all colors for you now and you can sell them where you please."

It was going to be fun handling Liza-Lees now, I thought.

There is nothing on earth more useless than an airplane.

Tulsa Pastor Speak On Baptist Hour

Bufs Edge Out Texas Tech in Thrilling Battle Here, 45-44

Returned Veterans Star On Both Teams—Many Fans Turned Away.

The Texas Tech Red Raiders of Lubbock went down under the hushing hoofs of the West Texas State Buffaloes Saturday night as the locals nosed out a cage victory 45 to 44 in one of the most thrilling games of the season. Texas Tech sparked by their great set-shot artist, Garland Head, threatened all the way. West Texas State was constantly on the alert to check those rangy Raiders. Head was playing his first collegiate game since receiving his discharge from the Army. He turned in an exceptional game.

As the game ended Head was near shooting one of his deadly shots which might have tied up the game and possibly won the game 45-46, but he was fouled. He made the free toss.

The Buffaloes held the lead most of the way but it was never a comfortable one. They were ahead by eight points once, but that was in the first half, 23 to 15. The Buffs would have had a hard time that first half without the services of Ledru Jacobs, who was the first half star.

With the brilliant work of Garland Head who led both teams in scoring 16 points—Texas Tech caught the Buffs twice and even passed them once when Gene Hardey sank a field and two free tosses in succession.

J. W. Malone was again a stand-

out for West Texas State. He was instrumental in regaining the lead after Tech held it for a few moments, by sinking one of those left-handed shots from a corner of the court. Decker and Stockman added three more fielders and West Texas pulled out in the lead, 38 to 33.

At one time the teams were tied 33-33, when Head was fouled by Price, Kerr sank a difficult shot under the basket, and Head hit another one of those set-shots from beyond the free-throw circle. Stockman shoved the Buffaloes ahead again and Malone followed with a free toss. From then on to the finish it was a nip and tuck battle.

Malone, as fast as ever, was quite sensational in Saturday night's game. He played a spectacular floor game and dropped five field goals and four free throws to garner 14 points to lead the Buffs in scoring.

Ledru Jacobs one of the old team members returning, stole the show in the first half. He rang up five field goals during that period, three in succession, including one on a corner shot, one from a pivot in front of the goal, and three neat under-basket flips.

Hank Decker played his usual fine game, especially on backboard defense and tip-ins, and tied Jacobs for third honors with 10 points. This win over Texas Tech puts the Buffs out in front in the eastern division of the Border Conference with two wins and no losses.

Jacobs Star in First Game

Veteran Makes 18 Points as Buffs Beat Eastern New Mexico

Ledru Jacobs, a stellar forward back in 1942 who has just returned from service with the United States Army, led the West Texas State Buffaloes to a 71 to 42 victory over the Eastern New Mexico College last week.

The former member of the Buffalo squad accounted for a total of

18 points—eight field goals and two free flips.

Bill Stockman, another former star just back from war service, also is wearing the Maroon and White togs again. Stockman was captain of the 1943 quintet and voted the most valuable player. Bill made six points and turned in his usual good defensive game. He comes from Malta Bend, Mo.

Both former stars are far from top condition and it may be some time before they reach their former height. But Jacobs and Stockman showed they will be valuable men again, even with little practice.

Coch Miller started J. W. Malone, Hank Decker, and Bordon Price, with Jacobs and Stockman. He used them less than half the game. It was an easy victory. The Buffs led 36 to 16 at the intermission.

Not since 1942 has Ledru Jacobs, played basketball for West Texas State. Back in the lineup, he is regaining his high scoring ability in a hurry.

W. T. Calves Win Over Demons

Tuesday evening the W. T. Calves clashed with the Dumas Demons to come out on the long end of the score, 50-30.

The Calves "were on the ball" for the first time since the W. T.-Amarillo game. Russell paced the Calves the first half by scoring 15 points. Dale would have scored more than he had in any game this season, but he played but a few seconds of the last half. This incident, did not stop the fighting Calves. Hooper stepped ahead to score 10 points the last half to add to the 10 he scored the first half. Knighton, the key-passer and defensive man of the team, rushed up 9 points. Carter and Johnson played a more defensive game and left the scoring to the six-footers. Ham of Dumas lead the opponents with 11 points.

Thursday the vengeful Demons returned the game and redeemed themselves by defeating W. T. 29-24. Russell was high point man for the locals. The second team also fell to their B squad.

The Calves defeated Borger and Tulla last week. Due to a lost score-book the statistics of those games cannot be given.

Veterans' Total Goes to 141 in Current Term

A total of 141 veterans have enrolled at West Texas State under the G. I. Bill of Rights.

Twenty-five of the trailers are occupied by the veterans and their wives, and there are single boys in ten of them. Several remaining trailers will be occupied soon.

Lights, water, and gas have been installed in the portable homes. Plans are being made for external improvements, lighting and the interior of each refinished.

Chemicals Donated to West Texas State

Approximately five thousand dollars worth of chemicals, glass ware and equipment was received by West Texas State Saturday. This was donated by the Ordnance Department of the U. S. Army.

An application was submitted to this department for excess equipment in the latter part of November, Virgil Henson, business manager, said.

Monday a shipment will arrive consisting of about an equal amount of shop equipment which will be used in the vocational training shop.

Some of the equipment received by the chemistry department included Tubes Oil Saybolt, Set Weights, Oven Laboratory, Mercury, Bath Water, Comparator Taylor Slide, Microscope Fisher, Still Water Automatic, and Hot Plate Hoskins Electric.

"This afternoon we will take Mr. Frog apart and see what makes him croak," said the professor to his zoology class. "I have a frog in my pocket to be used as a specimen." He reached into his pocket and drew out a paper bag which he emptied on the table. Our rolled a badly smashed ham sandwich.

The professor mopped his brow. "My goodness!" he stammered. "I distinctly remember eating my lunch."

"You ought to go to church Sundays." "Too many hypocrites there." "Oh, there's always room for one more."

Dr. Chas. A. Clark Will Speak Here Next Monday Night

Dr. Charles A. Clark will speak and show pictures of the mission work in Korea at the Presbyterian Church on Monday evening, Feb. 11, at 7:45. During the day he will speak to the pupils of the public and training schools. He will meet with the Student Christian Association at the college at seven that evening.

The Rev. Charles A. Clark went to Korea in 1902, and has returned to the United States only five times, this last time by invitation—of Tojo. He was under arrest three and a half months just before leaving Korea, and escaped a three-year penitentiary term in a Japanese jail only by a miracle.

Since the Russo-Japanese War in 1904 brought Korea into the lime-light, Dr. Clark has seen the old Korea practically disappear, with the advent of automobiles, radio, airplanes, and Olympic winners. With his wife, who has shared all his evangelistic work, Dr. Clark passed through two wars and many months of guerilla warfare. He was once captured by bandits. Twice he was stoned, and twice he had adventures with tigers, once with Korean mobs who killed 104 Chinese in two nights in his town.

Dr. Clark had a part in founding over 100 churches, sold hundreds of thousands of Christian books and built houses in the days when they had to make their own brick, tile, and lime in kilns, and cut their lumber by hand. As professor in the Theological Seminary for 36 years he taught students theology and its practical application. Every student spent a given amount of time each week in direct evangelism in the street chapels, on the streets, in house preaching, in factories, and in stores. He was personally pastor of 53 churches; 46 in the country and 7 in the suburbs of Pyongyang City. Dr. Clark has produced 35 books in the Korean language and 6 in English. He has seen the Presbyterian Church in

W. T. High Student Honor Roll Given

The following students of West Texas High School made the honor roll for the first semester of the 1945-46 term. The grade of an A counts for four points; a B, three; a C, two. An average of at least three points in each of one's subjects entitles one to be on the honor roll.

Those who made four points are: Alvin Jennings, Sybil Gillis, Bennie Jean Dawdy, Flo Hammons, Mary Lee McGeehee.

3.75 points: Dolores Young, Glenn Dowlen, Mitchell Jones, Carrie Marie Dawdy, Joan Byars, Jeanine Vester, Beverly Beck, Loren Hightower.

3.5 points: Bill Knighton, Ann Crawford, LaNelle Bassett, Rosalie Campbell, Pat Campbell, Kathleen Hafner, Douglas Brazil, Virginia Grace Cope, Ruth Ann Soll.

3.3 points: Juanell Campbell, John Jack Nunley, Melvin Smith, Virginia Reid, Margaret Hand, Billie Gill.

3.25 points: Jack Cooper, Shirley Goodman, Wanda Bartlett, Carrie Belle Smith, Carroll SoRelle.

3 points: Bill McCabe, Barbara White, Virginia Hunter, Bette Brown, Billy Hancock, Rose Marie Ackfeld, Irene Jones, Evetts Haley, Sallie Womble, Neta Jo Moore, Mabel Spiser, Doris Hooper.

Lecturer: Of course, you all know what the inside of a corpuscle is like.

Chairman (interrupting): Most of us do, but you might explain for the benefit of those who never have been inside one.

"Don't you miss the folks next door since they moved away?"
"No. You see, they never borrowed anything, so I hardly knew them."

"What are diplomatic relations, dad?"

"There are no such people, my boy."

Noted Dancer Is Scheduled

Miriam Marmein Will Perform February 11 On Lyceum Program

Miriam Marmein, America's first lady of pantomime and the dramatic dance, will be presented at West Texas State by the lyceum committee at 8:15 p. m. on Monday, February 11.

Also musician and designer, Miss Marmein has developed a number of unique programs notable for their originality and human appeal. Each number is based upon a clearly projected idea with style, costume and synchronized music. A brilliant dancer, she unfolds scenes of infinite variety and enchantment—glamorous romance . . . stark tragedy . . . sparkling satire . . . bewitching fantasy . . . compelling drama . . . uproarious comedy. She combines with an engaging personality and rare interpretative powers a talent approaching magic in her rapid changes of appearance, atmosphere, and characterization. She has been called a one-woman dance theatre.

Develops Own Style

The outstanding feature of Miss Marmein's program of dramatic dances will be the wide variety of characters, ideas, and colorful situations which she will depict in her unique style of theatrical dance.

Reviewers say she carries her audiences from mood to mood with a speed and brilliance equalled only by dramatic artists of first rank. She can look tall or short, glamorous or comic, lyrically poetic or grotesque—all with a mobility that is typical of her versatility. Her use of expert lighting, elaborate and colorful costumes, and carefully chosen background music add greatly to her effects.

Of Theatrical Family

Miss Marmein was born in, of and for the theatre and is a trouper of long training and experience. She not only creates her dances, but also designs the costumes and writes some of the music. She has made extensive tours in this country, Canada, and Europe. Her offerings include situations taken from all ages and all kinds of social orders.

Coming Soon

Shown above in two poses is Miriam Marmein, noted dramatic dancer who will be presented at West Texas State on February 11.

She is equally effective in the beauty ritual of a glamour girl, caricature of a French waiter, or the role of a Bethlehem mother attempting to save her baby boy from slaughter under Herod's order.

Admission will be by activity ticket or payment of \$1 for adults or 50 cents for children and high school students.

'Fish' Takes to Air

Ellen had never flown a plane. She had never even been inside one. In fact, she had never been within fifty feet of one. So, like so many other people in those circumstances, she had the wrong idea about flying.

Last week she had her first flight, including piloting the plane herself for about ten minutes; and she got the low-down on aviation. This is it: Flying was the simplest thing she had ever done.

Ellen, a freshman at W. T., was given the opportunity to fly, and she took it up without a second thought. She had for a long time wanted to fly, but she thought it was something very complicated and sensational—something to be excited about. So she was very excited. She went out to the field and managed to squeeze herself into the back seat of the two-place plane, deciding that the best place for the stick was between her legs. The pilot strapped her in (though as yet she doesn't know why—she wasn't about to fall out) and down the field they went after the usual preliminaries (whatever they are) took place. Even though they almost got stuck, presently Ellen looked down and the ground was getting farther away. However, there was no sensation at all. The higher they got, the slower the plane seemed to be moving.

"Bumpy, isn't it?" shouted back the pilot.

"Oh, er, uh, yes, I guess so," replied Ellen, who, not knowing better, hadn't noticed anything. However, the pilot told her later, the bumps were only at the altitude of about 700 feet. After that, the ride was much more comfortable than any automobile ride—it felt like riding along on a piece of glass.

The next ten minutes Ellen spent trying to adjust her perspective to the great height. The pilot tried to show her a town fifteen miles away, but she never did see it, because she was looking too far away.

Then the pilot let Ellen take over the controls for a while. What fun! Piloting a plane is much easier than driving a car. Coordination is needed to make the craft go where it is supposed to, and it does not take long to learn this. Ellen's first try at it turned out to be rather reckless, at least to the observer, but she didn't think about getting scared. The person in the air feels that he has all the space in the world to glide around in.

Ellen and the pilot eased down to the ground and got out of the plane. Another air fan was made that day!

Roberta: Did you count with a daisy to see if Jack loves you?

Ruth: No indeed; it might have turned out wrong. I used a three-leaf clover.

Moore-Dygart Wedding Held at Amarillo Sunday

Gladioli and palms, with lighted tapers in graduated candelabars, formed an impressive background for the marriage of Ruth Elizabeth Moore, daughter of Mr. and Mrs. W. R. Moore of Canyon, to Kenneth Dygart of Raton, N. M., son of Mr. and Mrs. O. E. Dygart of Plainview, on Sunday in the parlor of the First Baptist Church, Amarillo.

Dr. A. D. Foreman, Jr., pastor, read the double-ring service at 4 o'clock. Billy and Wilma Moore, sister and brother of the bride, lighted the candles, another sister, Mrs. P. E. Myers of San Antonio, presided at the guest book.

"The Sweetest Story Ever Told" by Stults and "I Love You Truly" by Bond were sung by Mrs. Vern L. Hickerson, accompanied by Miss Lula Waggoner, preceding the ceremony. The traditional wedding

marches were played by Miss Waggoner as the processional and recessional.

Paul E. Myers, brother-in-law of the bride was best man, and Leon Ledbetter of Vega and Billy Moore served as ushers.

The bride, who was given in marriage by her father, was attired in a white wool street length dress, complimented by black accessories. She carried a white Prayer book belonging to her sister, centered with a gardenia and a shower of sweet peas.

Mrs. Joe Holt of Spur, who attended the bride as matron-of-honor, wore a blue swansdown suit with black accessories. She carried a bouquet of Tullipman roses.

Mrs. Moore chose a black tailored crepe dress with black accessories and a corsage of red rose buds for her daughter's wedding, and Mrs. Dygart also wore black crepe with black accessories and a red rose bud corsage.

Mr. and Mrs. H. L. Pattie, 808 Monroe, entertained with a wedding reception following the ceremony. The lace covered bride's

table was centered with an arrangement of snapdragons. Mrs. Leon L. Ledbetter, sister of the bridegroom, presided at the punch service, and Miss Margaret Pattie served the three tiered wedding cake, which was topped with a miniature bride and bridegroom.

Following a wedding trip, the couple will be at home at 433 South Third, Raton, N. M. For traveling, the bride wore a three-piece black and white checked suit with black patent leather accessories.

The bride was graduated from Canyon High School and attended West Texas State College, Canyon. She was employed by McDonald's Auto Supply, Amarillo, at the time of her marriage. Mr. Dygart was graduated from Freedom High School and is employed by the Paul Arthur Motor Company in Raton.

P. CRAWFORD RUTHARDT HONORED BY BROTHER

The home of Mr. and Mrs. Ralph Ruthardt was the scene of a lovely celebration and dinner Sunday to honor Pfc. Crawford Ruthardt, recently of Germany.

On January 3 Pfc. Ruthardt landed with the 82nd Airborne Division and paraded down 5th Avenue in New York City. After his furlough he will be stationed at Ft. Bragg, N. C.

Those present at the dinner were: Pfc. and Mrs. Crawford Ruthardt; Mr. and Mrs. L. C. Ruthardt, Polly, Donnell and Arlen; Mr. and Mrs. J. W. Billingsley, Javeta and Zell of Farwell; Mr. and Mrs. W. E. Savage and daughter, Frances, of Littlefield; Mrs. Gordon L. Ruthardt and Darrell of Littlefield; Mr. and Mrs. Manuel Ruthardt, Almeta, Arletus, Louis and Billy Bob of Groom; Mr. and Mrs. Gordon House, A. G. and Janet of Amarillo; Mr. and Mrs. J. M. Ruthardt and Yvonne; Mr. and Mrs. V. E. Dodson of Hereford; Mr. and Mrs. Van Howard and Gary of Oklahoma City; the host and hostess and family, Anita Carrol, Nelda, Nora Dell and Garland.

Mrs. Harrell and Mrs. Dowd entertained with readings. Mrs. Tom Slack and Mrs. DeGraffenried won in the handkerchief hemming contest.

Refreshments of coffee, cakes and mints were served to Mrs. Ola Ridgway, Mrs. Ed Harrell, Mrs. C. H. Stratton, Mrs. R. E. Foster, Mrs. Fred Sogge, Mrs. W. S. Myers, Mrs. T. S. Trowbridge, Mrs. T. V. Slack, Mrs. J. M. Craig, Mrs. I. M. Steen, Mrs. J. C. Dowd, Mrs. John Guthrie, Mrs. A. N. Croson, Mrs. R. D. Lowry, Mrs. G. B. Bourland, Mrs. E. V. Holman, Mrs. DeGraffenried, Mrs. W. G. Rose, Mrs. L. T. Devault, Mrs. Ester Myers and the hostess.

The next meeting will be in the home of Mrs. W. S. Myers on the last Thursday in April.

MISS PATTERSON INSTRUCTS ZITA 4-H CLUB GIRLS

The Zita 4-H Club met January 31 in the home of Flora Jane Rose where Miss Lou Ella Patterson gave a demonstration on the correct way to set a table and on correct table manners.

Refreshments were served to Ruth Gill, visitor, and members, Jane, Martha and Ruby Hales, Nelda, Anita, and Noradell Ruthardt, Geraldine Pope, Carol Rose; Mrs. Gruner the sponsor; Miss Patterson and the hostess.

The next meeting will be held February 15 at the home of Geraldine Pope.

RUTH F. THOMSON WEDS HERRICK A. SIMON

On Sunday evening, February 3, at 5:00, Ruth F. Thomson, daughter of Mr. and Mrs. O. G. Holman of Amarillo was married to Herrick A. Simon, son of Mrs. Mary Simon of Canyon.

Rev. Hubert Thomson, pastor of the Methodist Church, performed the ceremony at his home.

After the ceremony ice cream and cake was served to Mr. and Mrs. Tony Simon, Mr. and Mrs. Bill Simon, Mr. and Mrs. Frank Simon and sons, Mr. and Mrs. Walter Simon, Mr. and Mrs. O. C. Jones, O. G. Holman, Mr. and Mrs. J. E. Broadbush, Romana and Lucille Simon, Mary and Billy Thomson.

Miss Leaverton Becomes Bride of Kenneth Walters

In the presence of the immediate family and intimate friends, Miss

Essie Mae Leaverton, daughter of Mrs. B. L. Leaverton of Knox City, became the bride of Kenneth Paul Walters, son of Mr. and Mrs. P. L. Walters, Canyon, on January 28.

Rev. M. C. Cuthbertson, of the Central Church of Christ, read the double-ring service at eight o'clock Saturday evening in the parlor of the First Christian Church, Amarillo.

Floor baskets of white gladioli and palms, arranged between candelabra formed the altar. Mrs. Fern Shepherd, sister of the groom, lighted tapers preceding the ceremony.

Miss Inez Blankenship, pianist, sang preceding ceremony, "I Love You Truly," and during the ceremony played softly "Ah, Sweet Mystery of Life." The "Bridal Chorus" from Wagner's "Lohengrin" was used as the processional and Mendelssohn's "Wedding March" for the recessional.

The bride was attired in a pastel blue wool dressmaker suit, accented by black patent accessories and a shoulder bouquet of American Beauty red roses. For something blue the bride carried a blue and white handkerchief; for something borrowed she wore a yellow gold bracelet her mother had worn on her wedding day. The bride carried a white bible.

Mrs. Davis Burrow, the bride's only attendant, wore a beige suit with brown accessories and a corsage of yellow jonquils.

Mrs. Walters, the bridegroom's mother, wore a green crepe dress, with black accessories and a maroon carnation corsage.

Davis Burrow was best man.

Miss Hazel Williams and Mrs. L. G. Marshall were hostesses at the Marshall home, 1306 Florida, Amarillo, at a reception honoring the bride party. In the living room, which was attractively decorated with Amaryllis, Miss Rachel Barnett presided at the guest register. The dining table was centered by a moon-shaped bowl filled with white and pink carnations, flanked by pale blue tapers in silver candle holders. The bride and groom were first to cut the three-tiered wedding cake.

For her going away outfit the bride chose a two-piece gaberline suit. After a short wedding trip the couple will be at home at 515 North Frost Street, Pampa.

The bride, a graduate of West Texas State Teachers College, is a member of Eastern Star and Delta Kappa Gamma, and is at present employed as teacher in the Pampa Junior High School.

The bridegroom, who was also graduated from West Texas State Teachers College, recently received his release from the U. S. Army after serving four years, two of which were in the Asiatic-Pacific theaters. Mr. Walters will resume his former teaching position in Pampa at the beginning of the second semester.

PARK H. D. CLUB RAISES \$111.00 FOR MARCH OF DIMES

A box supper was sponsored by the Park Home Demonstration Club in the home of Mr. and Mrs. Fred Coburn, Saturday night, Feb. 2. The boxes were all attractively decorated. One of the outstanding boxes was made in the shape of a steamboat in blue and white crepe paper. Others were decorated with crepe flowers, ruffles, and valentines, each box auctioned off to the highest bidder by auctioneer G. T. Henderson. Each bidder had fun trying to buy his wife or friends box. The most paid was \$15.00 for one box. The average was \$6.75. The whole sum collected for the March of Dimes was \$111.00.

An angel food cake, baked by Mrs. Kenneth Erwin, was won by Claude Whitteker for spending the most money for boxes.

The box supper was enjoyed by all. Cake and coffee was served throughout the evening while games were being played.

The following visitors were present: Mr. and Mrs. Dewey White, Mr. and Mrs. O. T. Henderson, Mr. and Mrs. Claude Whitteker, Misses Virginia and Helen Whitteker, and Miss Minnie Bell Parker.

The members present: Mr. and Mrs. Fred Coburn, Mr. and Mrs. J. V. Williams, Mr. and Mrs. G. A. Colling, Mr. and Mrs. W. A. Wallen-Schaeffer Wedding Held on January 27th

Nuptial vows for Miss Johnnie Frances Wallen and Donald Allen Schaeffer, were read Sunday, Jan. 27 at 4 p. m. in the First Baptist Church in Canyon. The single ring wedding vows were read by the pastor, Dr. Roy L. Johnson.

The bride wore a soft blue suit with red and white accessories. Her shoulder corsage was of red roses. Miss Wallen, sister of the bride and the maid of honor, was attired in a black and white frock with black accessories. She wore a red camella shoulder corsage.

Dean H. Schaeffer, brother of the bridegroom was best man. Boutonnieres of white carnations were worn by the bridegroom and his attendant.

The bride is the daughter of Mr. and Mrs. J. F. Wallen of Canyon. She is a 1945 summer graduate of Canyon High School.

The groom, the second son of Mr. and Mrs. Geo. Schaeffer is a 1942 graduate of Happy High School. He served two years in the Army Air Corps, seven months of this time was spent in England as a bomber gunner over Germany and France.

The wedding reception was held immediately after the ceremony in the Geo. Schaeffer home. The beautiful 3 tiered wedding cake was served by the bride. Mrs. John F. Wallen and Mrs. Geo. Schaeffer assisted with the service. Twenty-

nine close friends and relatives were present.

The couple will make their home at the South Ceta Ranch, east of Happy.

PARK H. D. CLUB MEETS IN J. V. WILLIAMS HOME

Park Home Demonstration Club, had a call meeting in the home of Mrs. J. V. Williams, Jan. 24. The club was to have met Jan. 17 with Mrs. Winters but the snow made the roads almost impassable to her home.

The meeting was called to order and opened with the group singing "America the Beautiful" and followed with "The Star Spangled Banner." Roll call was then answered with "Foods eaten by our boys overseas" and a new recipe. The minutes were read and approved.

Mrs. Fred Coburn gave the Texas Agriculture report and Mrs. J. V. Williams gave the council report. The Constitution and By-Laws were made and adopted by vote.

The program was on "Food and World Peace." Mrs. Flynn Winters read an article "A Call to American Women" by Dorothy Thompson. Mrs. G. A. Colling gave an interesting talk on "Helping Feed Europe's Hungry." "Use of Soy Beans and their derivatives," and "Revolution in the Corn Belt."

The next club meeting will be in the home of Mrs. W. A. Bishop, Feb. 7.

Father: "Well, in future, just remember where you put things." —The Gas Line.

Raymond seemed unusually quiet for his seven years. "Did you enjoy yourself at church?" asked his mother. "I guess so," he said indifferently. "What was the main hymn?" she asked. "It was one I didn't know," replied Raymond, "but I just sang 'Penny from Heaven' as loud as I could and it worked out all right."

"I understand your wife is a finished singer."

"No, not yet. But the neighbors almost got her last night."

DEDICATED TO SCOUTS

Boy Scout Week February 8-14

"... On my honor I will do my best—to do my duty to God and my country, and to obey the Scout Law ...
To help others at all times ... To keep myself physically strong, mentally awake, and morally straight ..."

That is the Oath of the Boy Scouts of America. It is an Oath they take seriously, one which they endeavor to stick to ... and do. It's a good Oath. In a few simple words it embodies many of the finest principles taught in homes, in churches and in schools. These principles, as they are applied in the Scout's training, help to make the Boy Scout of today the outstanding citizen of tomorrow.

This year the week of February 8th to 14th will be known throughout the United States as BOY SCOUT WEEK. During the time Scouts and Scouting will be honored everywhere in the country. Pages similar to this will appear in newspapers in hundreds of communities as part of a nationwide effort to give the Boy Scouts of America the recognition and acclaim that is their due. It is the sincere wish of the firms who are sponsoring this announcement that, through it, the people of Canyon may become more fully conscious of the magnitude and importance of the Boy Scout Movement. It is an activity that deserves the whole-hearted support and encouragement of every American citizen.

Architects Draw Tentative Plans

Regents To See Blueprint Friday

Buyers Must Approve Combined Cafeteria And Student Union

The adequate Student Union building long needed at West Texas State may become a reality under plans now taking form.

Combined with the student union would be a large cafeteria into which two smaller dining rooms for special occasions. The main floor of the cafeteria would also constitute the dance floor of the student union building. President J. A. Hill has asked architects to draw tentative plans for this building, incorporating as many ideas for the lounge, reading room, kitchen, storage place, and other features as may be possible for a total cost of \$150,000. The plans must not only be approved by the Board of Regents in a meeting at Austin February 8 and 9, but bond buyers must approve the financing of the unit. The building probably would be located immediately West of the Burton gymnasium.

An alternate plan, if the student union is not approved, would be to construct a cafeteria. It is a well recognized fact that for the lack of a large cafeteria or dining hall and adequate housing, the college

is failing to get many important meetings.

New Gym Needed

Should the student union and cafeteria be built, the dining hall would seat possibly as many as 500 persons at one time at maximum capacity. Burton gymnasium possibly would be changed into a remodeled campus warehouse. It is expected that a new gymnasium will be built within a few years and located nearer the main entrance of the Buffalo field.

With shipment of bricks arriving for Randall Hall, it is expected that the addition to this girls' dormitory can be completed for the summer session. The use of stone as originally planned is no longer possible, according to Dr. Hill. The Randall addition will provide rooms for more than 100 girls.

To Expand Terrill

A one-story addition to Terrill Hall likely will be the next construction started if bonds are approved by the Regents and the bidders. Architects say this job, involving only a single story, can be started more quickly than a contemplated addition to Stafford and a new dormitory for girls facing Cousins Hall.

West Texas State's dormitories and housing plans call for a total capacity of 500 girls and 300 men. The building program now contemplated would aggregate nearly one million dollars. Co-operative living would not be entirely abandoned. Cactus and Mesquite Lodges would be moved to another location and remodeled into a new co-operative unit housing more than 50 girls. Architects are rushing the completion of the tentative plans to the Regents and bond buyers in Austin on February 8. Dr. Hill and Regent Newton Harrell, joined by M. O. Carder of Amarillo, college architect, will attend the Austin meeting.

Education Program Offered By Army Is of Interest

Young men enlisting in the Regular Army are establishing an "education bank account" that will amount to \$6,986.67, if married, and \$5,786, if single, when they complete a three-year enlistment. Lt. Col. Robert L. Hardy, West Texas District Recruiting Officer revealed today.

Offered under the liberalized GI Bill of Rights, this amounts to an accumulating savings of \$194.07 per month for married men and \$160.72 for single men during their enlistment.

"That's a fast-growing bank account for educational purposes," Colonel Hardy said. "It's astounding when you consider that every young married man is building up his fund at the rate of \$2,328.89 every year, and \$1,928.66 annually if he's single."

"There probably isn't one young man in this community—or any where else—who earns enough to save this much toward a college education, Col. Hardy said. "Thousands of young men throughout the United States, and many in the West Texas Area are taking advantage of this unprecedented opportunity. Particularly, West Texas State Teachers College of Canyon, and other colleges in the area, as these colleges show for the spring semester, a remarkable enrollment increase of students who are former service men."

Young men serving three years, Colonel Hardy explained, are eligible for 48 calendar months of instruction at the university, college or trade school of their choice—at government expense. It actually amounts to five and a half regular school years, enough to acquire two college degrees, he said.

"Today, as never before, education is essential to the young man who hopes to establish himself in a good-paying profession or trade. This is the scientific age—an era of highly competitive specialization, in which virtually all of the better occupations require thorough preparation," Colonel Hardy pointed out.

"And that means college training in most cases, a prolonged expense that many young men and their parents cannot afford. And often these are the very persons who possess outstanding ability, but never develop their aptitudes because of financial circumstances."

"This opportunity for a government-paid education should be given serious consideration by every young man and parent. It is an opportunity that has never before been equaled in the history of ours or any other nation, Hardy said.

The GI Bill of Rights, recently liberalized by congress, allows full tuition costs up to \$500 per year and monthly allowances of \$90 for married men and \$65 for single persons for a maximum of 48 months.

"I urge all young men interested in the educational advantages the Army has to offer, to contact their nearest Army Recruiting Station. Army Recruiting Stations are now open in Abilene, Amarillo, San Angelo, Big Spring, and Lubbock, Tex."

"Too bad about Jones being sent up as an embezzler. Did he take his misfortune like a man?"

"Exactly. He blamed his wife for everything?"

"Every time I come here your dog growls, and I don't trust him. If it were not for him I might come more often."

"Well, a dog is man's best friend."

"If I bought you that fur coat it would mean the poorhouse for us!"

"Well, we could at least go in style!"

What's Back of My Gas Burners?

This is the last in a series of four advertisements published in the belief that you would like to know more about the natural gas business, which so vitally affects your daily lives.

through distributing mains and service lines to your meter at predetermined proper pressure for your use.

From the District Regulator Station the gas flows through a low-pressure line to your meter, where it becomes your property; thence through your yard and house piping to your familiar household servants, your range, your water heater, your refrigerator, and your home-heating equipment. Responding instantly to your every wish, it contributes greatly to carefree, healthful living, at a cost within the reach of all.

Our story until now has dealt with natural gas and some of the equipment used in bringing it to you. However, despite our large investment in physical property, our greatest asset is the group of loyal, hard-working, courteous employees who operate the properties 24 hours a day and 365 days a year, to render you a high type of service. Natural gas itself, without the services of these many men and women, would be worth little. Each and every employee has his own special type of work which is vital to the proper functioning of the group as a whole.

While you, our customer, are dependent on us for service, we are actually more dependent on you. Without you we could not exist. Therefore we are going to do everything we can to give you good service. The natural gas that we have to sell has been proven a perfect fuel; each and every employee will strive to render you a personal service of equally high quality.

Typing Becomes Essential Study

Did you ever stop to consider how important typing will be to you in that period of life following school? 36 students in Canyon High composed of Sophomores, Juniors, and Seniors, realize this and are taking Typing I this year.

After climbing that first difficult hill of learning the keyboard, typing without watching the keys, with-straining those exclamations when the wrong letter or mark comes out, and reaching a reasonable rate of speed, the students are beginning the second semester with the typing of business letters.

In 1942, 16 new Royal typewriters were bought and since then, students are charged \$4.50 a semester to help on the upkeep and to pay on the machines.

Even now it is almost compulsory that one should know how to type before applying for a job as secretary, book-keeper, salesman, or practically any job.

Why is the typewriter becoming more and more popular? It is neat, saves paper and time and is less trouble.

So, students if you haven't had at least one year of typing, keep these facts in mind when you are making out your schedule next year!

THE EAGLE SPEAKS!

An honorable discharge. Yes, all men in the army hope for one. If and when they do receive it, they also receive a small gold button with an eagle upon it. Although it denotes noble and valiant work the Honorable Service Emblem often does not receive the recognition it so patently deserves. Some ex-G. I.'s say it is nothing but a nuisance to switch from one coat to another. While others say they don't need a gold button to remind them of what they have gone through. Still others say they get a kick from just sitting and listening while other people talk of the war, and to wear the emblem would only give them away.

If you look at the emblem closely it doesn't mean anything as a school kid's high-school button does, but the Honorable Discharge Emblem represents everything America has achieved in four years of global war. So wear it and be proud of it if you are a discharged veteran.

IS YOUR LOCKER CLEAN?

Hey, you, is your locker clean? If it's not, what are you going to do about it? Why not get your locker mate and see what you can do about improving the looks of your locker. Oh, yes, does the door to your locker stand open all the time or do you keep it shut? You wouldn't want people running into an open door when they aren't looking, would you? They might break their neck (or something). One never knows.

So, kids, let's get in there and clean them up. Let's have our locker-rooms looking nice. Everybody pitch in and help, won't you?

HOW ABOUT A BAND?

Would you like for Canyon High School to have a band?

If you can play any instrument at all, start taking band one period a day. Our new band director is willing and anxious to teach you the why and how of music. Canyon High needs a good, large band to back the football team, give concerts, and several other things, but it can't have one with only a few players. Possibly the band would get new uniforms and go on trips.

This is something for you, not only to think about, but do something about. You need the band, and the band needs you! How about it?

Approximately 100 high school students had their pictures re-made Monday, February 4, because of absences and unsatisfactory work, by Paul Benton of Lubbock, representative of Hunting Photography Company at Wolfe City, Texas.

Dorothy Gafford! Why don't you let ole' Cal in on who that boy is that drives a certain yellow bus and honks at you every morning to wake you up?

After debating with his conscience for a week, Jones Hales finally decided to ask that blond-headed Ruth Lill for a date. He got it, too—Congratulations, Jones!

One of ole' Cal's friends dropped around and said Blake Zachery enjoyed an exciting Saturday evening with Alice Pierce. How about that, Billie?

Richard, do you think you will be able to keep the five-dollar-bet with some of our boys about not going with a girl for a whole year, when you already have a date for the Sweetheart Banquet this month? Better be careful about bets after this!

Canyon High's own Betty Ann Miller has been seen being escorted by Bill Schuette. Is it really true, Betty?

Hu-Rah, for Billy Cleavinger! He finally picked up (somewhere) enough courage to go with his dream girl, Betty Thompson.

Kids! Have you heard that Norma Jo Currie and that Brownfield guy, Butty Price, are now going steady?

Seems as though Rusty Davis and Martha Wilson are making the rounds (together) as a means of getting better re-acquainted. Not a bad idea, at all!

Seen going to that Spooky Junior Play, last Thursday night were Max Bellah and Frances Stanley. How'd it turn out Frances?

Anna Pauline Seales, how does that new boy friend, Clifford Prichard, appeal to you?

Wilbert Long! Is it really a fact that your heart throbs stays at Randall Hall? You're doing O. K.

Mary Ann Parker, you're doing fine at Canyon High. Is it really wonderful to go with Ridings Sloan? You did O. K. during the practicing of the Junior play, I hear!

Golden Currie and Jerry Bailey had a double date for the mid-night show Saturday night and Suzanne Stephenson and Diane Jewel were the lucky girls that made the four-some.

Enjoying an exciting Thursday night together were: Nancy Ann Nicklaus, Clifford Burtz, Sue Gillespie and Easton Wall. Was it fun, boys?

Homemakers Plan Semester's Work

In order to inspire a greater interest in Home Economics and the Future Homemakers of America Club, each of the four homemaking classes of Canyon High School has outlined new plans of work for the second semester.

The second period class, which is composed of girls who are taking a first year Home Economics, held their first club meeting Wednesday morning, when the following officers were elected: Sue Gillespie, president; June Jennings, vice-president; Gladys Lowe, secretary; Verne Davenport, treasurer; Sue Dickerson, reporter; Faye Dickerson, parliamentarian; and Juanita Avent, sergeant at arms. Chairman of committees were selected as follows: program, Joyce Stipe; social, Betty Jean Schuette; welfare, Louise Prichard; publicity, Dorothy Young; membership, Nadine Burrow; scrap book, Ema Gene Zachry and Louise Friemel. Green and white were chosen as club colors and the club song is "Aren't You Glad You're Young?" The group decided to hold meetings every other Wednesday.

Symphonettes is the official title chosen by the fourth period class which also consists of Home Ec. I students. "Symphony" is the club song and the red and white carnation was selected as their flower. "One step at a time, but always forward" is the club motto. The group elected the following officers: Mable Ann Graham, president; Chloe Ann Black, vice-president; Betty Ann Erwin, secretary; Janey Forester, treasurer; Suzanne Stephenson, reporter; Laura Davis, parliamentarian; Eula Faye Dodson, sergeant-at-arms. The following committee chairmen were selected: Peggy LaLage, program; Sue Ann Colwell, social; Betty Ruth Thomson, welfare; Julia Mae Robertson, publicity; Rebecca Irvine, membership; Jo Ann Bullard, scrap book; Charlene Pyeatt and Frankie Sneed, song leaders.

Officers elected for the Annus Secundus Domi Factum, second year class, were as follows: Earlene Davis, president; Mary Ann Parker, vice-president; Laverne Hinder, secretary; Pauline Seales, treasurer; Ruth Lill and Letha Harwood, reporters; Alice Pierce, parliamentarian; Muriel Faye Cope, sergeant-at-arms. Committees are: Colleen Prichard, program; Betty Jane Hales, social; Billie Bonds, welfare; Odessa Scruggs, publicity; Nadine Burrow and Freda Menke, membership; Joyce Carter, scrap book; Thelma Bonds, song leader. "Always ready" is the motto and blue and gold are the club colors. Two meetings will be held each month.

Homemaking III students are undertaking a school wide improvement project, plans for which are to be announced at a later date.

Bullard Now Directs Lunch Ticket Sales

Beginning her duties as supervisor of the lunch ticket sales, Mrs. B. B. Bullard began working in the C. H. S. Lunchroom last Tuesday.

Recently Miss Kathryn Davies had charge of this, but due to a heavy schedule of teaching and supervising practice teachers from W. T. S. C., she was relieved of this duty.

Mrs. Bullard has a special interest in this work because her two daughters are attending the school and eating in the lunchroom.

"I believe I shall enjoy this work very much because I like being around school students," states Mrs. Bullard.

Plowing the way for a third winning, Anita Johnigan's basketball team furthered their victories to a higher point. This girl squad has won every game that they have played. Last but not least of these games was the play-off of Avent's and Johnigan's teams with the score 12-6. Avent's six rate second on the list of winnings. The common opinion is that this team is very successful to be just an amateur group. Anita Johnigan, captain; Donna Dean Davis, forward; Bobby Ford, forward; Louise Dickinson, guard; Joanna Haines, guard; Sue Jennings, guard. Frances Gooch subbed as forward and Mary Ann Parker as guard, compose the winning team.

It seems that volley ball will take on a new light as a chief sport activity for the noon hour. There may be some games played between the boys and girls. P. E. girls have started volleyball in their classes.

Oh, and yes! Many of CHS's students would like to have a school girls' basketball team. If we start now we might have a good team next year and it's a wonderful idea! Let's think it over!

When our Eagles met the Whitefaces in Hereford, a very exciting game, typifying basketball, ensued. The score of 26-25 was in favor of the Hereford squad. A close game of both second strings also favored the Whitefaces with a score of 15-14.

Our Eagles traveled to Dimmitt, Friday, February 1, to the Invitation Tourney. Playing Priona at 1:30 o'clock, Friday, the Eagles were the victors with a score of 31-18. The five then played Nazareth and won over them 53-13. During the game with Bovina on Saturday our boys lost by four points. The score was 21-17.

P. S. Billy "highpoint" Abbott gained another basketball.

Hereford Defeats Canyon Quintet

Battling to the bitter end, the Eagles, led by Abbott and Wright, came out of the Hereford game one point behind. When the final whistle blew, the Whitefaces were out in front 26-25. Charles Wright was high point man with eleven tallies to his credit while Billy Abbott was second with nine points. Half-time score was 9-9.

The second string game was equally as close with the Hereford five again winning by a score of 15-14. In the last five seconds of play, Hereford sank a field goal thus putting the Whitefaces ahead as the game came to a close. Guthrie was high point man.

Hereford will return the game Tuesday, February 12.

Speech Course Holds Spotlight of Drama

Drama, is the highlight of the speech department beginning this semester. Mrs. P. S. Merchant states that speech students under her direction are selecting a play to be dramatized later on.

Sent from the University of Texas to the speech class were a number of speeches to be used on special occasions. Pupils are studying these in order to improve their public speaking.

This class has been asked to sponsor an assembly sometime in February. It probably will not be a regular play, but will consist of readings, poems and public speaking.

A number of students saw "Leave Her To Heaven" as a study of actors and actresses.

Objects of study during the past semester have been: conversation, stage deportment, voice, and body exercise, pantomime, and high, low medium poems and choral readings. Also public speaking in forums.

There are nineteen students who are taking speech the second semester.

Greenhands Catch Mischievous Tuesday

Are you a first year FFA student? If so, our sympathy was with you when you Greenhands were initiated Tuesday night, February 5.

After the informal initiation and the fun was over, a formal ceremony was held. Ray McDonald presided over the business meeting which furthered the plans of the club, one of these being the purchase of pedigree gilts to aid in the distribution of pure bred animals among the boys.

Making ropes of sisal to be used on the farms is the project of agriculture classes at the present. These ropes may be used for various purposes: such as halters, stake-ups, hobbles, etc.

\$133.35, March of Dimes' Amount from Public School

Jars placed in each classroom began the March of Dimes Drive, sponsored by the Future Homemakers, in Canyon High School, Monday, January 28.

Between second and third acts of the junior play, Thursday night, January 31, several students passed through the audience with the March of Dimes jars.

Amount of money taken in at high school (starting Monday and ending Thursday night) totaled \$54.44.

Classes in the grade school building altogether donated \$78.91. Students in the Canyon Public School are glad to say that they have given \$133.35 to the March of Dimes' great cause.

In a called class meeting January 29, Mr. Sanderson, district director of the Social Security board, talked to the Seniors about getting Social Security cards and how they work after they receive them. Mr. Sanderson stated "that he enjoyed talking to high school students as they were very co-operative."

"Mystery in the Library" Sets Record With \$110 Clearance

Junior Class Introduces Matinee Performance

Clearing \$110.60 on the class play, "Mystery in the Library," the Juniors of Canyon High School set a new record Thursday, January 31. Previously, the most cleared on a school play was \$72. \$180 was taken in on both appearances.

Introducing the idea of having a matinee performance so more grade school students could see the play, almost 450 students from the first grade through the eighth attended the performance, which started at 1:00, Thursday afternoon.

Between the second and third acts, Max Bellah played the piano while donations were taken for the March of Dimes, and James Rigby, master of ceremonies for the Junior class, presented Miss Davies, sponsor, a Schaeffer's lifetime pen and pencil set, and Mrs. W. C. Hornstra, a chenille rug.

T-5 Vaughn Vandergriff, CHS graduate of '40, served with the Ordnance Department for nearly three years before being discharged January 3. He spent nearly one and one-half years in Europe.

Withdrawn from Mrs. Collins' first grade is Jimmy Hales who has moved to Amarillo.

Mrs. Mary Gillespie's third grade is learning to write invitations and are beginning a new reader.

Absent from Mrs. L. M. Cousins' fourth grade is Jo Lee Rogers who has pneumonia.

La Nattie Wallen is back in school after being out a week because of illness.

Election of class officers took place in Mrs. Andy Walsh's fifth grade class. They are: Buddy Bennett, president; John Miller, vice-president; and Frances McCoy, secretary.

From Muleshoe comes Wanette Green, a new student in Mrs. Tom Brasher's fourth grade class.

Dolores Ditz underwent an operation, Thursday, January 31.

Withdrawn from Mrs. Roscoe Davis' second grade is Wayne Hilliard and Ronnie Huffaker.

Visitor: Do you think times are getting better?

Pastor: Oh, yes; decidedly. We are getting much better class of Buttons in the collection plate now.

What Added to What Is Much Too Much

New books fascinate! Or do they! Those new sample math workbooks that are being sent to the principal's desk are in line for adoption next year. Freshmen will no longer be able to open an Algebra I text and be greeted by "Clifford loves Frances" and "If a secret you wish to see, look on page 53."

All editorial comment and picture portraits of our professors will be omitted. Those ghastly warnings such as—"Poison," "Open only in case of emergency," "In case of flood—stand on this—It's dry" and "100% junk" will be missing.

The margins will not contain problems worked and those other helpful little notes which have been added from year to year in our old texts.

These new workbooks will be free from lipstick smears and those remnants of those long forgotten meals such as gravy, eggs and molasses, at least for the first two weeks.

Even with the brightly colored cover and it's glistening white pages, a math book is still a math book! Alas, there is no romance in "x plus y equals 30."

Seriously though, Mrs. A. K. Knott, is selecting the new algebra and geometry books which will be used next year. She states that these new books are superior to the old edition.

Father: When I was a little boy, I always ate the crusts.
Willie: Did you like them?
Father: Of course I did!
Willie: Then you can have mine.

'SCOUTS OF THE WORLD BUILDING TOGETHER'

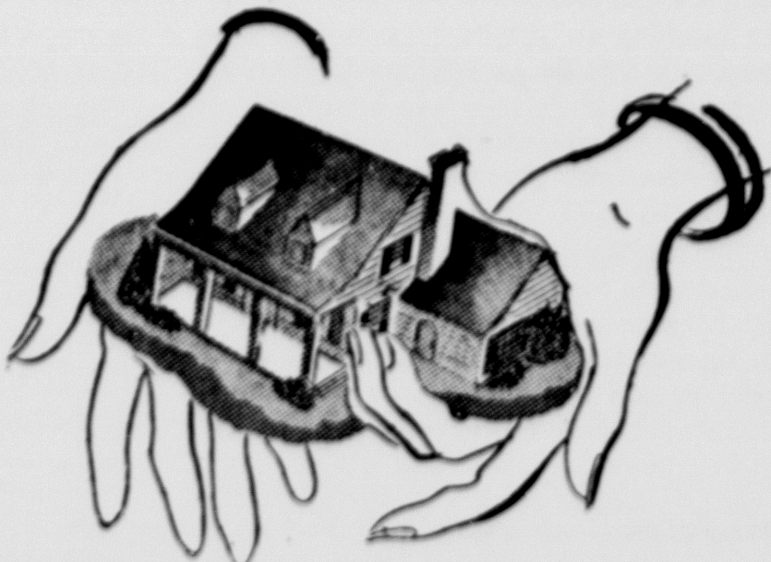

Boy Scout Week February 8-14

Nearly 2,000,000 Cub Scouts, Boy Scouts, and Senior Scouts will mark the 36th anniversary of the Boy Scouts of America during Boy Scout Week, Feb. 8th to 14th. The theme of the celebration is "Scouts of the World—Building Together." Members of the Movement are helping brother Scouts throughout the world to reorganize. Their "Shirts-Off-Our-Backs" project of voluntary contributions and parts and equipment, will assist Scouting overseas and help develop understanding among the boys of the world. Above is the official poster marking the event.

Press Groups Coming Here

In a revival of its activity program, the Panhandle High School Press Association will meet in its annual convention at West Texas State on Saturday, March 23.

Officers of the Association set the date in a called session at Pampa Friday evening. As many as 400 high school students attended the pre-war conventions of the organization here.

Registration will begin at 9 a. m. at the Education Building. Most sessions will be held in the auditorium of that building. In the president's chair will be Patsie Northcutt of Amarillo. Other officers are Anna Merle Cox of Pampa, vice-president; Jo Ella Hussey of White Deer, secretary; and Alvin Jennings of W. T. High, Canyon, treasurer.

Convention activities will include speeches by outstanding journalists, a luncheon, sectional meetings on special subjects, awarding of plaques in writing contests, and a reception and dance sponsored by Type High. February 10 has been set as the deadline for submitting contest entries to Olin E. Hinkle of West Texas State, general sponsor.

The Pampa meeting preceded a banquet of Quill and Scroll, journalism club at the Senior High School. Prof. Hinkle was the principal speaker at this dinner. Others from Canyon were Mrs. Linnie Harter, sponsor of the Tumbleweed, and Alvin Jennings, treasurer of the high school association.

It was only a question of time until the modest statements of us Texans about our State would get a rise outta our friends who dwell elsewhere and recently that's just what happened. An individual, signing himself as Rattlesnake Robert went to bat for New Mexico in the New York Herald-Tribune. Actually, he is the noted poet and short story writer, S. Omar Barker; and the Herald-Tribune and Mr. Barker have given permission to quote his kidding article:

"Despite a profound reverence for the self-confessed colossality of Texas, I feel that the Lone Star's tall shadow should not be permitted unduly to adumbrate the modest merits of her nearby neighbor to the west.

"I refer to New Mexico, forty-seventh star in the flag, not to be confused (though it generally is) with Mexico—the good neighbor republic which supplies, via the southwest wind, 50 per cent of the Grade A sand in every Texan's craw. New Mexico, of course, supplies the rest.

"Actually, Texas is no bigger than New Mexico. It only appears to be bigger because it is spread so much thinner. The mean average thickness of New Mexico from sunshine to sea level is 5,600 feet. The higher you go into the mountains, the meaner it gets. Straight down from the snow-capped crest of Truchas Peaks, New Mexico is 13,206 feet thick, and a little left over. Mashed down and rolled out to the same thinness as Texas, New Mexico would reach all the way from Yalta to the Atlantic Charter with enough lap-over to flap in the Texas wind. On the other hand, at the thickest point in Texas, an average New Mexico screw-billed angleworm could bore through to the bottom in one wiggle.

"New Mexico is the sunshine state because its scenic beauty is so entrancing that even Old Sol cannot let a day pass without taking a good look at it.

"Compared to New Mexico, Texas is a new comer. A million years before Tex Columbus fourteen-ninety-twoed America, an early settler known as the Folsom Man was practicing point rationing in New Mexico. He used arrow heads for red points. No points, no buffalo meat.

"Four score years before the First Texas cowboy succumbed a high-heeled boot on Plymouth Rock, a Mr. Coronado, of Spain, was eating corn off the cob in New Mexico and mailing home pictograph post-cards of five-storied tourist courts marked 'X-My-Room-X. Come on over, the climb is fine.'

"Speaking of climate, New Mexico is where all Texans who have the tires come every summer to cool off and brag about the Texas climate.

"New Mexico has plains so flat that the State Highway Department has to put up signs to show the water which way to run when it rains; yet its mountains are so steep that the bears which inhabit them have all developed corkscrew tails so they can sit down once in a while without sliding off into Texas.

"There is no place in New Mexico from which on a sunny day (which means every day here) you cannot see a mountain, smell a pine tree, or hear a Texan. Snow falls so deep

in New Mexico's mountains that it takes 40,000 automobile loads of Texas hot air each summer to melt it.

"On that fabulous river, the Rio Grande, New Mexico and Texas split honors fifty-fifty; New Mexico furnishes the water and Texas furnishes the sand for it to sink away in.

"New Mexico is a game country, too. If all the deer horns in the state were clustered together into

one giant hatrack, it would make a good place for Texans to hang their hats when not talking through them. Combine all the mountain lions' tails in New Mexico into one and you could brush all the heel flies out of Texas in one swish.

"Speaking of oil, all you have to do in southeastern New Mexico to start a filling station is to stick a garden hose down a gopher hole.

"New Mexico raises every mentionable crop, including cotton, cat-

tle, beans, buckaroos, wheat, sheep, chili con carne and the hopes of Texans who hanker for some place to go trout fishing.

"There are more writers, artists, jack-rabbits and political aspirations to the square inch in New Mexico than there are bureaus in Washington.

"And the sun shines 365 days of the year, and twice on Sundays." So says Mr. Barker of New Mexico.

Postwar Agriculture

Demands

THE RIGHT TRACTOR FOR THE PARTICULAR JOB

THE proverbial Jack-of-all-trades was master of none. The modern world of science and technology passed him by.

The same principle applies to farm tractors. The tractor that does a wide variety of jobs unsatisfactorily can't possibly produce the greatest results at the least cost in any job.

But that's what the farmer—particularly the small operator—has got to do to meet postwar competition: he's got to produce the most food possible with the least effort and, consequently, at the lowest cost.

The farmer with 10 acres in truck crops needs one kind of tractor. The farmer with 100 acres in wheat alone needs another kind—or, as is usually the case, two or more different tractors. The tractor which does a good job on the Great Plains may be useless in the

rice territory. And so it goes.

Conditions of climate, the lay of the land, and the character of soils in the different parts of this vast country, together with wide variations in the nature of crops and the size of operations, combine to produce wide differences in the requirements for tractors. Harvester's policy is to meet all these requirements.

That is why Harvester's postwar line includes a great variety of Farmalls and other specialized tractors and attachments rather than a single tractor with a single system of tools. Every tractor in the line was developed after scientific research and testing under actual operating conditions showed the specifications needed for efficiency and economy.

Every Harvester-built tractor is the right machine for its particular job.
